

The Theme of Amos is \_\_\_\_\_.

Justice is \_\_\_\_\_.

Who gets to determine what is right and wrong? Who gets to establish the rules and laws? \_\_\_\_\_.

Amos begins his prophesy with a \_\_\_\_\_ of the LORD roaring from Zion.

This is a roaring of the LORD like a lion, and He is \_\_\_\_\_.

Israel was guilty of three things:

1) \_\_\_\_\_ and taking advantage of the poor and needy among them

2) they were \_\_\_\_\_ the worship of God

3) they were \_\_\_\_\_ others to sin as well

There are no \_\_\_\_\_ without a \_\_\_\_\_.

God brings other nations as \_\_\_\_\_ against Israel.

The cause is \_\_\_\_\_.

As a result of this cause, we see the consequence: \_\_\_\_\_.

Each person who transgresses God's law will be held \_\_\_\_\_ for their own actions.

God had sent \_\_\_\_\_ and chastisements to the people of Israel.

As the Creator of all, God has every right to judge each and every person who transgresses His law.

There is a time that is coming when all the injustices that are committed will be made right. It is *not* a time of \_\_\_\_\_. It is a time of \_\_\_\_\_.

Chapters 7-9 give us five visions of judgment which the LORD showed to Amos.

The first vision is of \_\_\_\_\_ which God would send to \_\_\_\_\_ the land of Israel.

The second is of a \_\_\_\_\_ which would \_\_\_\_\_ the land.

The third vision is of a \_\_\_\_\_ which God had set amongst the people of Israel as \_\_\_\_\_. It is His Law, His Word.

The fourth vision is of a \_\_\_\_\_ which is \_\_\_\_\_ to receive wrath.

The fifth vision is of God standing beside the \_\_\_\_\_ made for His \_\_\_\_\_.

The final verses of Amos are of a vision of God's \_\_\_\_\_.
